Projects

Project A
March 2016

Email app that holds all messages sent after 3pm on Friday and sends them to you on Monday morning. So you actually read them.

Project B
February 2016

News app that connects to a blood pressure monitor and adjusts your feed accordingly.

Project C
June 2013

App that automatically updates all your recurring credit card payments after yours inevitably gets compromised every damn year.

Project D
April 2013

Email app for your parents that does not come loaded with a forwarding feature.

Experience

Developer - Company A
since January 2016

Programming and watching cute cat videos.

Frontend Developer - Company B
January 2015 - December 2015

Fulfillment of extremly important tasks.

Trainee - Company C
March 2014 - December 2014

Making coffee and baking cookies.

Education

Master of Arts
March 2012 - December 2013

Major in Hacking and Computer Penetration, University A, New York, USA.
